Our General Flunkies

Administration

Mr. Robert E. Lockett
Attendance Center Principal

Mrs. Mae S. Williams
Elementary School Principal

The Richland Community and a dedicated professional staff have made this an outstanding year. Our school and our community have both grown by leaps and bounds. There is no greater testimony to our school and community than the desire of more and more people to share in our abundance. Good people, good government and good schools are blessings bestowed from the goodness of the Lord. May He always bless you

We are living in an age which demands that every child be educated to the fullest capacity. Fulfillment can be accomplished if we work together doing the best we know how to do it. It is my sincere belief that the past year has been one of the rapid growth toward ultimate development in education

Mr. Barry L. Male
Interim Administrative Assistant

Mr. Larry Rimes
Counselor

We are seeing tremendous growth in school and community achievements here at Richland. As county interim administrator, I am proud to be a part of a school and community which strives for athletic, academic, vocational, musical, and patriotic excellence

Richland Attendance Center is presently in its fourth year of existence as both a high school and an elementary school. As a result of the hard work and dedication of the community and faculty the school system has developed into one of the best. As counselor I look forward to continued cooperation so that our school will continue to improve and to serve all the needs of our students. Thank you to all of you that have helped in this development and may we always work together for the betterment of the school and the community through the education of our students

Valentine's Kings and Queens

The Valentine Contest was sponsored by the PTO this year. They raised \$1,900 which will be used to help with the Halloween Carnival and other projects next year. Everyone who raised money received a "Happy Meals" certificate from McDonalds. The boy and girl who collected the most money in each room were the King and Queen of their room. They received \$5.00 in McDonald's coupons and a trophy. The grand prize King and Queen were Holly Blaine and Jason Crosby. They received a crown and a party at Chuck E. Cheese's. Four girls collected over \$100 each. They each received a \$10.00 gift certificate to Chuck E. Cheese's

In An Impersonal World

Find Yourself At Wesley College

YOU ARE A PERSON..

It was never intended that an individual should be lost in a crowd or become a number on a computer card. At Wesley College everybody is somebody. The small size of the college insures that each student receives personal attention which is almost totally lacking in many of the larger colleges and universities.

Wesley College occupies a beautiful forty-acre campus located in Florence, Miss., twelve miles south of Jackson, the state capital. The proximity of the campus to Jackson, a growing metropolis of 500,000+, provides opportunity for employment, consumer buying power in a competitive market, and cultural benefits available only in a large city. Yet the campus is in a rural atmosphere with the advantages of a small town.

THE EXCHANGE CLUB OF RICHLAND

Chartered November 18, 1978

President	Robert Higdon
President	Elect Leland May
Secretary	Bill Barrett
Assistant Secretary	David Van Horn
Treasurer	Charles Morris

Our Exchange Club is made up of the community leaders of Richland whose goals are to improve, advance, and uplift the human condition and to preserve and perpetuate the patriotic principles which are so much a part of our national heritage. We sponsor several service programs locally. One of these is "Youth of the Month."

Youth of the Month

A paradox in our society is that while hard work, worthy achievement, honesty, righteousness, and good citizenship are traits which we all admire, our attention is most often diverted by those who drastically deviated from these ideals. Or to put it another way, good kids seldom make the headlines.

The Youth of the Month program aims to rectify this contradiction by focusing public attention on industrious high school students who are to attain high levels of scholastic and athletic excellence and who demonstrate exemplary qualities of leadership and civic responsiveness. Thus, the program not only rewards outstanding young people for their perseverance and hard work, but also provides an incentive to other young people to strive for a similar degree of excellence.

OUR LAST FAREWELL

Yearbook work was a lot of fun, but also a lot of hard work. We discovered that there is a lot more to the job than just throwing together copy and pictures on pages. Most of the staff has worked very hard this year to make this yearbook one which you will enjoy now and will continue to enjoy in the years to come

Autographs
